Report On 5th War Bond Sale

Grayling, August 1944.
Mr. O. P. Schumann, Editor,
Crawford Avalanche,
Grayling, Michigan.
Dear Mr. Schumann:

In reply to your inquiry as to the results of the Fifth War Bond Drive insofar as Crawford County is concerned, I am pleased to submit the following:

The drive commenced June 8 and closed July 31, 1944. The Crawford County quota for that period was:

U. S. War Bonds:
Series 'E' \$40,000.00
Series 'F', 'G', etc. 12,000.00

Total 5th War Bond Drive Quota \$52,000.00

Crawford County Sales:

Series 'E' \$73,650.00
Series 'F' 23,300.00
Series 'G' 4,000.00
Series 'C' Notes 7,000.00
2% U. S. Bonds 2,000.00

Allocations:

New York Central Railroad Co. \$25,000.00
State of Michigan 17,000.00
Standard Oil Co. of Indiana 1,000.00
Great A. & P. Tea Company 1,000.00

Total Sales \$153,950.00

Again our County made its War Bond quota, as it always has—and then some. The main reason for these continued satisfactory results is that the people of Crawford County fully realize their responsibilities to the men and women in our armed forces and are buying War Bonds to the fullest extent. It may also be of interest to mention that 513 'E' Bonds were purchased by individuals during the 5th War Bond Drive, and Crawford County has raised \$889,950.00 in War Bonds since the Pearl Harbor attack.

I wish to again specifically mention that we had, during the 5th War Bond Drive and all prior drives, the most wholehearted co-operation of our outside summer residents who own property in our County. The members of the Crawford County War Bond Committee—Ester Hanson, O. P. Schumann, Wm. Raas, Carl Dorooh and Mrs. S. A. Stealy—have given freely of their time and ability whenever needed. Also, James McDonnell, Postmaster, and his staff have co-operated 100% and so has the Grayling State Savings Bank personnel. Special and very valuable assistance has been rendered by Sydney A. Dyer, Supervisor of South Branch Township; Austin J. Scott, Supervisor of Lovells Township; Mrs. Jay O'Dell, Superintendent of Fredrick School; and Wm. Raas, who in all the drives has covered all the Townships. Last, but not least, much credit is due Alvin LaChapelle, Manager of the local liquor store, and his congenial assistant, Wilfred Laurant. They have co-operated excellently through all the War Bond drives.

Yours very truly,
John Bruun, Chairman,
Crawford County War Bond Committee.

Mrs. H. W. Wolff

Gives Large Reception

To compliment Capt. John Henry Peterson, son of Mr. and Mrs. Holger Peterson, and his bride, who were recently married at Dayton, Ohio, Mrs. H. W. Wolff was hostess to some one hundred and twenty friends of the young couple, Sunday evening.

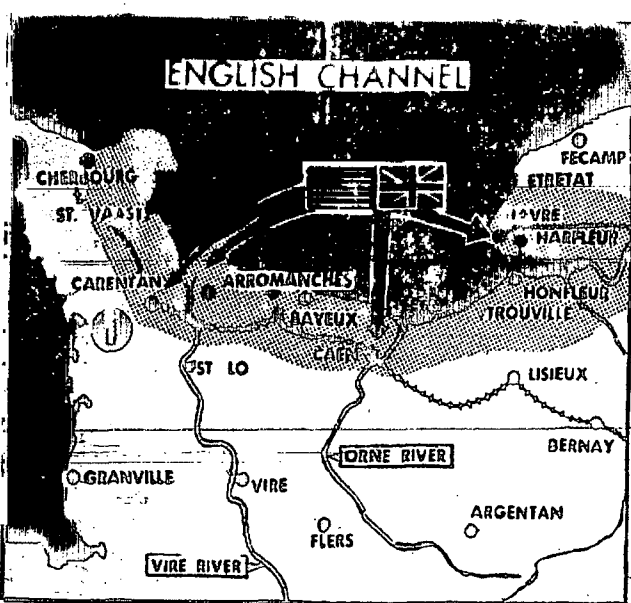

The spacious lawn and garden back of the Wolff summer home was the scene of the affair. Mrs. Peterson, mother of the groom, and the bride and groom received the guests just inside the arched entrance to the garden.

American flags were draped above the arched entrance, and white gladioli had been placed on each side of the entrance. The long Italian cloth covered table, from which punch was served by Mrs. Andrew Wilson of Detroit and Miss Billyann Clippert, had a military tone. In the center seven low red, white and blue bouquets formed the letter 'V' and standing, facing down this Victory flower garden was a lovely miniature bride. Near the ends of the table were two tall white vases filled with American Beauty roses; but perhaps the crowning feature of the table decoration was the wedding cake centered with a miniature lieutenant of the Army Air Corps and the demure bride with her veil and bridal bouquet. Tiny American flags waved on each side of the white altar and orange blossom candies encircled the figures.

The cake was cut by the bride, assisted by the groom, after they had approached the table to the strains of Lohengrin's Wedding March, played by Mrs. C. G. Clippert.

Others assisting the hostess were Mrs. Robert Hayes, Miss Mary Jane Joseph, Miss Ruth Burrows, Miss Kathryn Kittleman and Gloria Moore.

First Battle in Caen Region

The Caen region of Normandy invasion coast became the reported scene of the first battle of major proportions, with worst fighting just outside of Bayeux, north of Caen. After amphibious forces converged on St. Vaast, on Cherbourg peninsula, troops began straddling the road to Carmentan (1) where paratroopers landed. Landing made at Arromanches, midway between Le Havre and Cherbourg, moved toward Bayeux.

Capt. John Henry Peterson Weds in Ohio

Marriage vows were exchanged Saturday, July 29, between Mary Ernestine Teach, Yeoman 2-c, WAVES, daughter of Lt. and Mrs. Edgar A. Teach, of Springfield, Ohio, and Capt. John Henry Peterson of the USAAF, son of Mr. and Mrs. Holger F. Peterson, of Grayling, Michigan.

The wedding was solemnized at the Church of the Holy Angels in Dayton, Ohio, by Rev. Fr. James Scanlon.

In the absence of her father, who is serving overseas, the bride was given in marriage by Lt. Frank E. Loneragan, Jr., of Boston, Massachusetts.

The bride gown was of white marquisette with off the shoulder neckline, fitted bodice, and a softly flared skirt ending in a long court train. The veil of illusion fell from a coronet of pearls. She carried a shower bouquet of white gladioli and camellias, with a border of blue delphinium and baby breath.

The groom was attended by his sister, Miss Georgia Teach, as maid of honor, and Miss Marjorie Cornell of Macon, Georgia, who wore gowns of aqua marquisette with matching Dutch caps and carrying American Beauty roses.

The groom was attended by his brother, Burton Peterson; Lt. Wellington E. Pomeroy of Lansing, Michigan; and Lt. Frank E. Loneragan of Boston, Mass., acted as ushers.

Mrs. Teach wore fuchsia crepe and the groom's mother wore white flowered jersey. Both mothers wore corsages of white orchids.

Following the ceremony a wedding breakfast was served in the Martha Washington Room of the Miami Hotel, in Dayton.

After a short trip to Northern Michigan and Mackinac Island, Captain and Mrs. Peterson will reside temporarily at 830 Schantz Avenue, Dayton, Ohio.

A rehearsal dinner was given for the bride party Friday evening previous to the wedding by the parents of the groom in the Fraternity Room of the Miami Hotel.

Charley Kellogg returned to his work in Plymouth, Sunday.

The Servicemen Who Come Back

The following is a paper prepared and read by Mrs. H. W. Wolff before the Grayling Kiwanis Club:

A well known war news correspondent has written: "Most of the ten million will come back better fitted to build the New World."

The attitude of mind of the returning soldiers, sailors, airmen, coast guardsmen and marines presents a tremendous challenge to the home, the church and community, as well as management of labor. The imaginations, kindness, sympathy, intelligence, tolerance we bring to bear on this vital problem will determine in a large measure the future harmony and progress of our country.

The ten million young men who have gone from their homes, their schools and their jobs to defend their country—these men must soon be your first consideration. They have given their strength, their youth, their careers to avert the slavery and terror that threatened our land. These men must have your loyalty, your devotion, your faith, and even your sacrifices.

Your average serviceman is much richer in knowledge than when he went away. He has traveled far and has seen and learned much of the other parts of his own country and of other countries. In his barracks, on the march, in the front lines, in the "fox-holes," in the air and on the seas, he has lived closely with thousands of his fellow-men—men from all walks of life—and he has gained a human education, perhaps even more practical than if he had spent the same period poring over books or doing a routine job. These men are the hope of the future, not only of this country, but of all the world as well.

The Government will take care of the wounded and the disabled in the hospitals and vocational schools provided for those purposes; and through the Veterans Administration Boards, which are directly responsible for hospitalization and pension claims, also in co-operation with all of the different States' plans. But it is not going to be the Government which will assimilate the veteran into his home life and his community. Government planning will be insufficient unless the community does its share and is READY with its own plans to receive the veterans back. REMEMBER the veteran is NOT a problem—the veteran HAS problems; problems you and I would have if put into an alien world, asked to adapt ourselves, and then be suddenly thrust back into civilian life. They are different, just as you and I would be if we went through the physical, emotional and spiritual experiences they have gone through.

Kiwanians, you have your share in preparing this community to receive these bewildered men. Many are coming back just as normal as they went away, all of the more mature than when they left; but others may come back a bit more unsettled, and needing guidance. They are different, just as you and I would be if we went through the physical, emotional and spiritual experiences they have gone through.

J. E. Crowley Dies In Cheboygan

James Edward Crowley died suddenly at his home in Cheboygan, Wednesday, August 2. He had been in failing health for the past several months; death was due to a complication of ailments.

He was born in Leslie, Michigan, August 18, 1873. Almost his entire life was spent in the service of the Michigan Central Railroad Company, he having worked 51 years for that company up to the time of his retirement in 1941. Mr. Crowley was sent to Cheboygan as Roadmaster of the Mackinaw Division of the Michigan Central Railroad in April, 1919, which position he retained up to the time of his retirement. Prior to coming to Cheboygan, he was stationed at Grayling.

He was a member of the Pioneer Association of the Michigan Central Railroad Company, the Knights of Columbus.

He is survived by his widow, one daughter, Marion Glidden of Hyattsville, Md.; and two sons: Ensign Charles Crowley of the United States Merchant Marine, and Attorney Edward Crowley of Lansing. He is also survived by one sister, Attorney Alice E. Alexander of Lansing; one brother, Attorney David H. Crowley of Detroit, and 5 grandchildren.

Funeral services were held at 9 o'clock Saturday morning at St. Charles Church in Cheboygan. Burial was made in Calvary Cemetery.

The Crowley family have numerous friends in Grayling who are sorry to learn of Mr. Crowley's passing.

GEORGE BURKE

The Danish Landing

(By June Penty.)

As you go along Highway M-72, you will see on the south side of the road, about four miles west of Grayling, a sign reading "Danish Landing." If you should turn in there, you would find yourself on a winding road running between tall pines, birches and hardwoods; a beautiful shaded vista, dark even when the sun is bright. When you have gone about a mile you will come to a colony of well-kept cottages on Lake Margrethe which is known to most local people as Danish Landing, but whose real name is Portage Lake Park.

If you were to make your reservation early enough in the spring, you might rent one of the cottages for a week or for the season, but you can never, never own one unless you are of Danish, Swedish or Norwegian descent. Why? Here is the story:

Just forty years ago this spring, on April 27, 1904, to be exact, a deed was turned over to a group of Scandinavian friends, mostly Danes, who had decided that they would like to have a place on Portage Lake (now Lake Margrethe, where their families could spend their summers. They called themselves "The Portage Park Company." Four members of this original group are still living in this vicinity. They are: Julius Nelson, son, Johannes Rasmussen, Lars Rasmussen and Peter Hanson.

According to Mr. Nelson, one member of the group went to see the owner of the land to see if it could be purchased, then they all went by horse and wagon to look it over. After some discussion, they bought a piece 300 feet by 642 feet for \$325, had it surveyed and divided into 38 lots, half on the lake front and the rest directly back, with a road between the two groups. The lots were numbered and the numbers drawn from a hat. When asked whether or not they seemed to be any resentment when a member drew one

of the back lots, Mr. Nelson said "No, everybody was satisfied. You see, the lake front is part of the park and everybody can use it."

Through all these forty years the park has been run on this basis: Once a year a meeting is held to elect a president and a secretary-treasurer and to transact the necessary business. Members own their lots and many have built and rebuilt on them. The park organization collects taxes plus a small assessment for the year's expenses, and in turn pays the taxes on the whole piece; maintains the road within the park, takes care of garbage disposal and oversees all other phases of service necessary to such a project. Most important is the water front, where they have the docks placed in the spring and removed for the winter, and where special precautions are taken to safeguard the beautiful bathing beach. Several years ago stones were brought in to combat the ravages of ice after much of the sandy shore had been worn away, and this has proved to be successful.

Present officers of the organization are: Anthony Nelson, president; Mrs. Elma Mac Moshier, secretary-treasurer; Miss Margaret Nelson, trustee. Minutes of each annual meeting have been kept, an interesting note being that those for about the first twenty years were written in Danish.

So far as is known there never has been a written and signed agreement, as a kind of all members and simply honor-bound to abide by their predecessors. This is not surprising when one considers the fact that with these people their word is really as good as their bond.

Some of the present owners live in Detroit and Saginaw, under present conditions are not able to spend as much time at the lake as they have in the past. Many of the younger group are in the Service and are fighting for the day when they can again enjoy the happy life of swimming, boating and resting on their own Danish Landing.

Memorial Service For 1st Lt. Lee Dyer

Lee Dyer, only son of Arthur and Flossie Dyer, was born in Lansing, and lived in Lansing at the time of his enlistment in the Air Corps, but most of his life was spent in South Branch Township, so we still claim him as one of our own and keep his star on our community service flag. This memorial service will be held in the South Branch Church next Sunday morning at 11 o'clock.

Lee was born on Christmas Day, 1920. He finished the grades in South Branch school and attended high school in Roscommon, finishing his course in Lansing, where he graduated from Central High School in '39. Early in 1942 he enlisted in the Air Force, and after 14 months

training in California, Louisiana and New Mexico, he went overseas—acting as navigator for his plane when it flew to England.

During his year's service overseas, he completed 52 missions over the continent and received the Air Medal, several Oak Leaf Clusters and the Distinguished Flying Cross, and was recommended for promotion to captain. Though entitled to a furlough home, he volunteered to stay for the invasion, and gave his life on D-Day, June 6th.

He is remembered by all who knew him for his fine character, always cheerful disposition, industry, ability, unselfishness. He will be especially missed by the South Branch Church, of which he was a member, and the Lansing Church of Christ, which he joined when the family returned to the city.

LOW FLYING ARMY PLANES

The following excellent editorial appeared in last Friday's Bay City Times: "It is timely and was needed, and we fully concur in it."

It is to be hoped the commander of the Osoda air field and his fellow authorities will not delay in meeting out the promised punishment of the pilot who killed Mrs. Mary Meyer, 72-year-old tourist, near Grayling Wednesday.

No more shocking instance of reckless flying has been recorded. Mrs. Meyer and her son were fishing in a rowboat near their cottage on Lake Margrethe when one of three army planes, skimming the surface, struck and almost cut her body in two.

It was a case of stunt flying. Residents of communities near Osoda have been complaining of these performances for months. According to well authenticated reports, the young pilots have been amusing themselves by diving almost to the tops of the houses just for the fun of "scaring the liver" out of the groundlings. Not much seems to have been done to restrain them so far as can be learned.

This is not the first such tragedy. A week ago an army plane crashed in Kansas City, killing three of its crew and starting a destructive fire. The pilot had been circling low over the home of his relatives. In Arizona, a couple of weeks earlier, a stunt flier struck an automobile and decapitated the driver.

The people of this part of the world want no more of it, and want those guilty of the Grayling crime dealt with as they so richly deserve.

Before the new war activity in France and elsewhere, it had been credibly stated that more than half the flier casualties had been due to accidents. Obviously there must be many mishaps in training so large a force. But still it would be interesting to know how many of the air tragedies have really been due to recklessness similar to that displayed at Grayling. However that may be, it is time to impress upon all concerned that war and wild pranking do not mix.

Again, there must be no delay in punishing the guilty in this case.

Things of Interest in Michigan

CONSERVATION

About 22 million acres in northern Michigan—dominantly forest land—needs no additional attention so far as water conservation is concerned.

The function of the Conservation Department's Fish Division is to promote, protect, regulate, and develop the fish resources of the state, and to foster and encourage the natural and artificial propagation of fish for food and recreational utilization.

STATE OF MICHIGAN
 In the Circuit Court For the County of Crawford
IN CHANCERY

Ora Billman, Esther Pearl Billman, George W. Craig and Ilva Craig, Plaintiffs,
 vs.
 Catherine Steckert, William Shanyfelt, Mary B. Shanyfelt, Ruby Moore, Rosa Moore, V. H. Lockwood, and their Unknown Heirs, Devises, Legatees and Assigns, Defendants.

ORDER OF PUBLICATION
 Suit pending in the Circuit Court for the County of Crawford, in Chancery, on the 24th day of July, 1944.

On reading and filing the Bill of Complaint in said cause and the affidavit of Ora Billman attached thereto, from which it appears to the Court that the above named defendants, or their unknown heirs, devisees, legatees and assigns, are proper and necessary defendants in said cause, and that after diligent search and inquiry it can not be ascertained and is not known whether said defendants are living or dead, or where they or any of them may reside if living, and if dead, whether they have personal representatives or heirs living, or where they or any of them may reside, and that the names of the persons included therein under the title of unknown heirs, devisees, legatees and assigns are not known, on motion of Charles E. Moore, attorney for the plaintiffs,

It is ordered that said defendants, their unknown heirs, devisees, legatees and assigns, cause their appearance to be entered in this cause within three months from the date of this order, and in default thereof, that said Bill of Complaint be taken as confessed by said defendants, their unknown heirs, devisees, legatees and assigns.

Home Canners Advised How to Avoid Deadly Botulinus Poisoning

"THERE is vital need to can as many vegetables as possible as well as fruit; but the only safe way to can any vegetables, except tomatoes, is by correct use of the pressure cooker," advises Katharine Fisher, Director of Good Housekeeping Institute. "This method is the only one which provides the hotter-than-boiling heat that's necessary to kill botulinus germs which may be on any non-acid food you can—and that means all vegetables except tomatoes." When botulinus germs are not killed in the canning process, they thrive in sealed jars and create a powerful poison.

"This botulinus poisoning from bacteria that live in the soil and cling to vegetables. Although rare, this poison is particularly dangerous because it usually does not change the food's appearance, odor or taste. Analyses of soil indicate that there is a chance that botulinus spores may be found almost anywhere. Fortunately, they are harmless until they get in air-tight jars of canned food."

"Never taste to discover spoilage," Good Housekeeping advises. "All home canned products should be examined carefully when opened and, if there is any evidence of spoilage, the food should not be used."

Use Pressure Cooker

"Correct use of the pressure cooker also protects against other types of spoilage," Miss Fisher said. "A recent national survey showed that home canners who put up non-acid vegetables by the hot water-bath method reported a hundred per cent greater rate of spoilage than those who used the pressure cooker method."

Mush and Sausage

1/2 teaspoon salt; 4 1/2 cups boiling water; 1/2 cup of yellow corn meal; 9 pork sausages. Add salt to boiling water. Add corn meal slowly, stirring constantly, until thick and smooth. Cook slowly 30 minutes longer, stirring occasionally. Pour into greased cylindrical molds. Chill overnight. Remove from the molds, slice, roll in corn meal. Fry sausage golden brown. Remove to warm platter. Fry slices of mush in sausage fat until golden brown. This recipe serves six (6).

THE OLD JUDGE SAYS...

"Good morning, Doc. Your good wife tells me you're working night and day now that so many of the younger doctors are in the army."
"That's right, Judge, and I'm glad I'm still able to do it. Had a long letter from Harry... that bright young fellow I was broken in to take over my practice. He said the boys in the service are getting the best medical care of any armed force in our history. They really should with all those brilliant doctors and plenty of supplies to work with."
"Speaking of supplies, Doc, not many

people realize that a large part of the alcohol required to make the medical supplies that are being used right this minute to alleviate pain, combat infection and save human lives, is produced by the beverage distilling industry. For nearly two years this entire industry has been working night and day producing nothing but alcohol for the government's program."
"Nobody knows better than I, Judge, what an important contribution to the war effort that has been."
